Technical Skills

- **Frameworks:** TensorFlow, Keras, LangChain, Google ADK, Optuna
- **Languages:** C, Python, SQL, HTML, CSS, JavaScript
- **Tools & Libraries:** Git & GitHub, Scikit-learn, Pandas, Numpy, Streamlit, FastAPI, Matplotlib
- **Domain Skills:** Data Analysis, Machine Learning, Deep Learning, Generative-AI, Large Language Models, Fine-Tuning, REST APIs, AWS Cloud

Experience

- **DAViSE LAB, NIT Delhi** (August 2025 – February 2026)
Research Intern / Data Analyst Intern
 - Heat Index–Soil Moisture correlation using ERA5-Land datasets.
 - Data preprocessing, feature engineering, visualization (Pandas, NumPy, Matplotlib).
 - Insights for predictive climate modeling.
- **Pinnacle Labs – Remote** (May 2025 – June 2025)
AI Intern
 - Built Resume-Parser app for ATS scoring with interactive UI.
 - Deployed and documented project on GitHub.

Projects

- **Heat-Wave Forecasting with Soil Moisture Linkage** 
 - Built real-time heatwave prediction using ERA-5 climate and forecasted Heat Index in real-time.
 - Achieved **0.85 recall**, effectively capturing and detecting local heatwave events.
- **Amazon ML Challenge (Unstop)** 
 - Yearly hackathon on Unstop; secured **Top 2.4% (600+ / 25,000 teams)**.
 - Applied CV-based feature extraction using EfficientNet-B0 and visualized results.
- **GuardianAI - Crisis Agent**  [Link]
 - A crisis-aware response system properly orchestrated for complex decisions.
 - Built multi-agent AI system for Google x Kaggle Hackathon.

Education

- **KIIT University, Bhubaneswar** 2022–2026
B.Tech – CSE (4th Year)
CGPA: 7.58
- **DPS Indore** 2021
12th – 75%
- **DPS Gomti Nagar, Lucknow** 2019
10th – 91%

Certifications

- IBM – What is Data Science
- Google – Advanced Data Analytics Certificate
- Oracle – OCI AI Fundamentals Professional
- Google - Introduction to AI
